Education

New Horizon College of Engineering, Bengaluru
BE in CSE   *Oct 2023 – Present*
CGPA: 9.20

Cambridge Pre-University College
XII (Karnataka State Board)   *2021 – 2023*
Marks: 547/600

Skills

Languages: Java, C/C++, Python, JavaScript

Backend: Node.js, Express.js, REST APIs

Frontend: HTML, CSS, React.js, Bootstrap, Next.js

Databases: MongoDB, SQL

Other: Git, GitHub, M S Excel

Career objective

Ambitious second-year Computer Science and Engineering student passionate about web development and solving complex challenges. An innovative thinker skilled in full-stack web development and exploring emerging technologies like AI, cloud computing, and containerization. Quick to adapt and eager to drive creative solutions in dynamic environments.

Projects

AI-Enhanced News Aggregator and Summarizer: Developed a web app that fetches real-time headlines via NewsAPI and uses Hugging Face's BART model to summarize articles. Built with HTML, CSS, and JavaScript, featuring a responsive UI with modern design elements.

Sentiment Analysis Tool: Developed a sentiment analysis tool using the Azure Text Analytics API. The application reads text files, processes sentiment analysis, and provides sentiment classification with confidence scores. Integrated Node.js, Express, and environment variables for secure API access.

Certifications

Open Source Workshop on Github: QuantumX.

Community Activities

2024: Short Listed for the SIH Internal hackathon.

2024: Participated in Ideathon conducted by IEEE club of NHCE.

Hobbies

Listening to podcasts, Speed-cubing puzzles, Creative writing
